A decorative border of various tropical plants and leaves surrounds the text. The plants include large green monstera leaves, feathery ferns, and cacti with yellow and red flowers at the bottom. The background is a light, neutral color.

Dear Supporters and Donors,

Because of your generosity, we had a super successful service trip to Belize. This was our fourth year of Miss Beatrice's 7 year dream to return the Maya traditions to her family. Her children, grandchildren and many extended family members participated fully in our healing huts, children's camp, Maya healing classes and the medicinal properties of rainforest plants. It was inspirational and festive!

We are so very grateful to all of you. Miss Beatrice's dream is alive and thriving thanks to our dedicated team members and your heartfelt support. We honestly couldn't do it without you.

With so much love and appreciation,
Ann, Nico, Karen, Keath, Joy, Liliana, Esther,
